One ERP - Refund JV User Guide

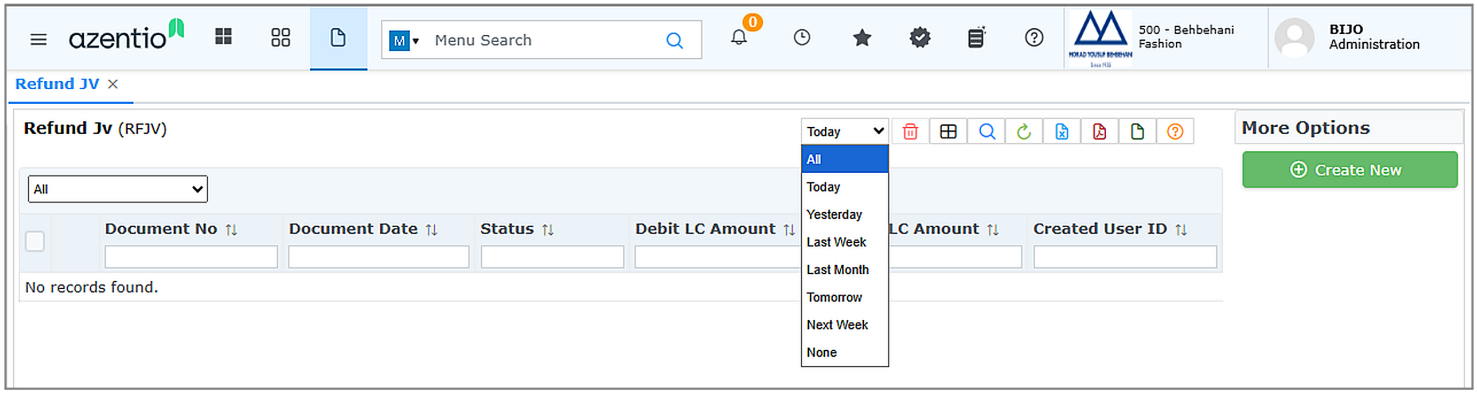

Step 1

Open the menu and click **Refund JV**.

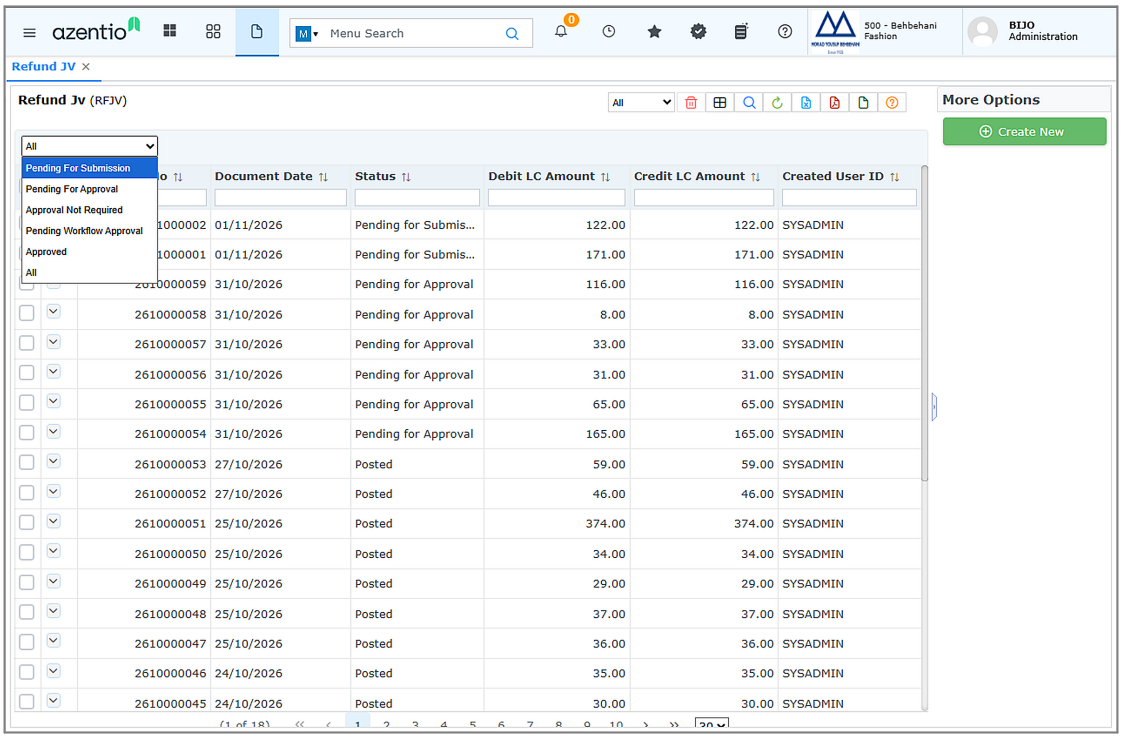

Step 2

Change the date filter to **All**.

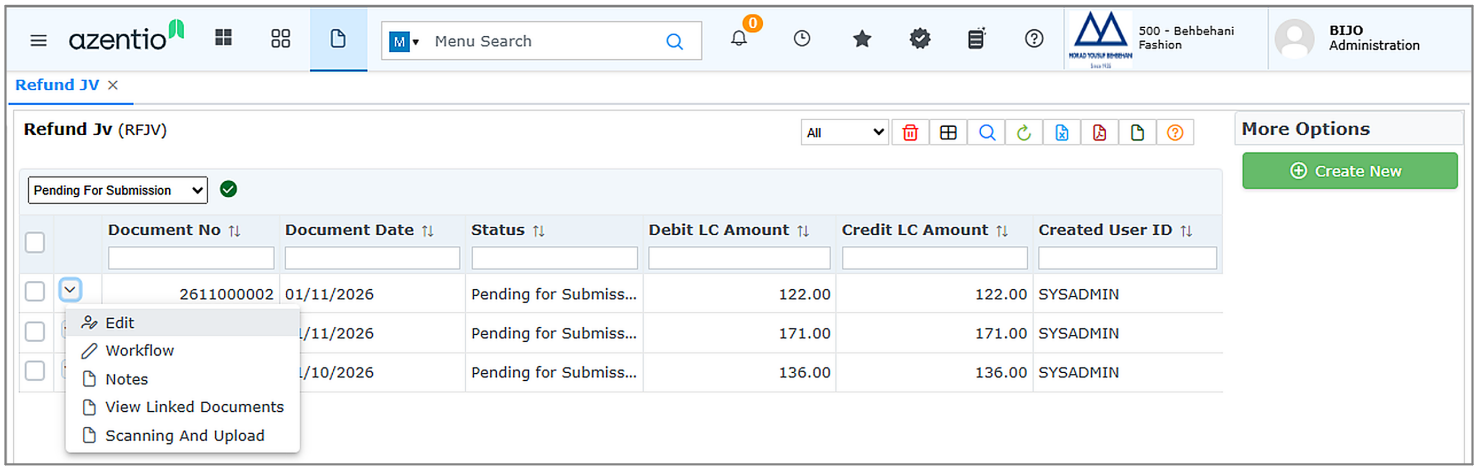

Step 3

Select **Pending For Submission**. The pending RFJV documents will be displayed.

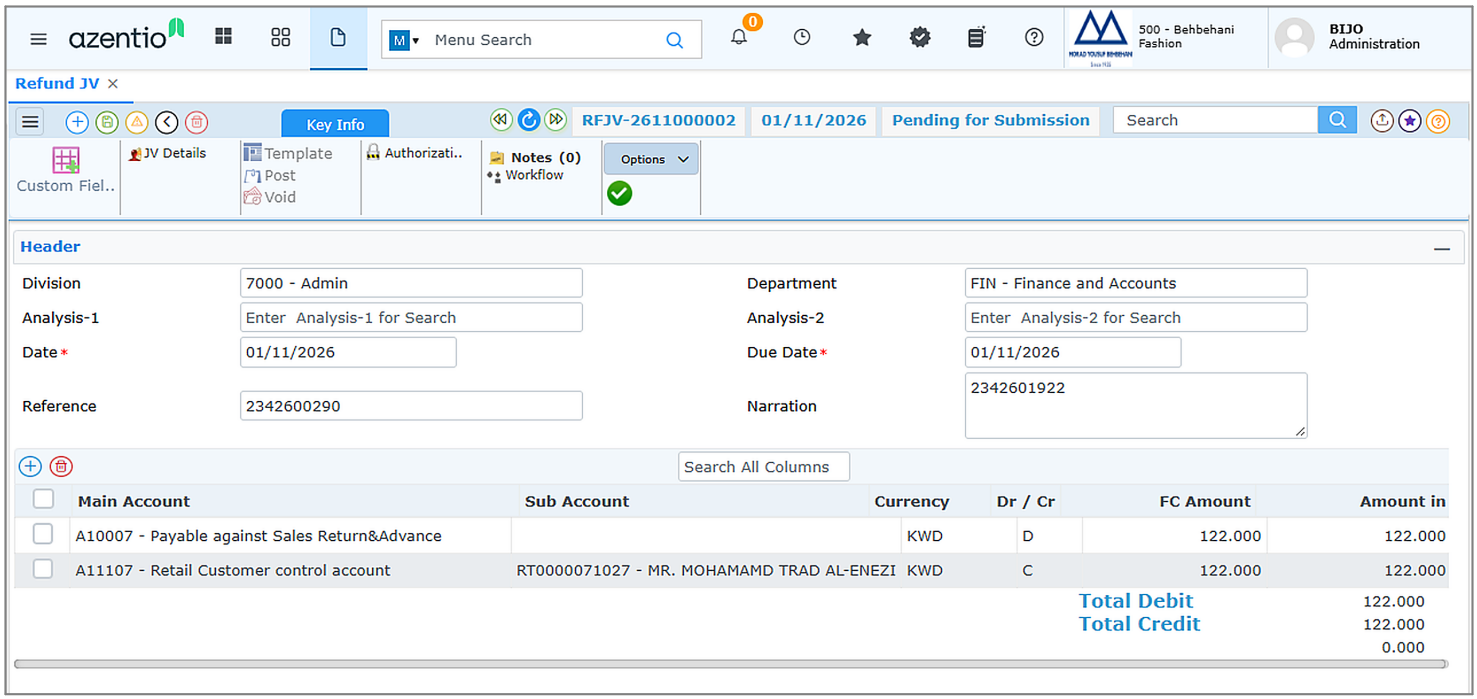

Step 4

Select the Document Number, then click **Edit**. The document will open.

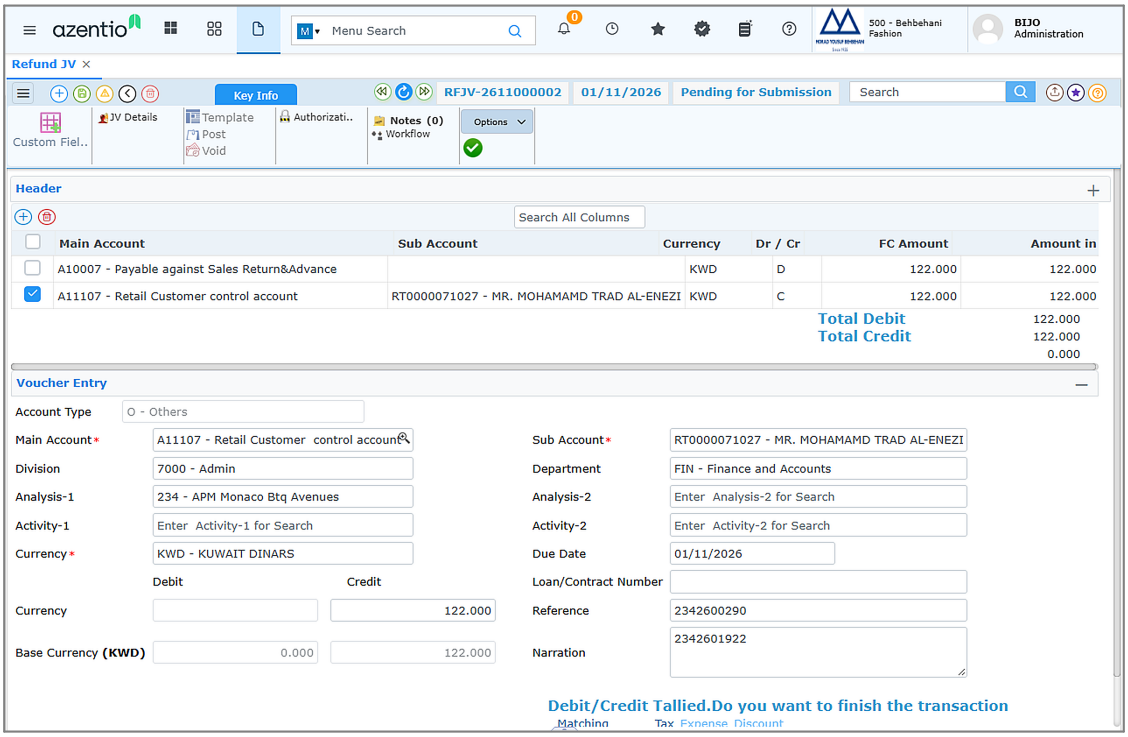

Step 5

Double-click the **Retail Customer Control Account** line. The voucher entry details will open.

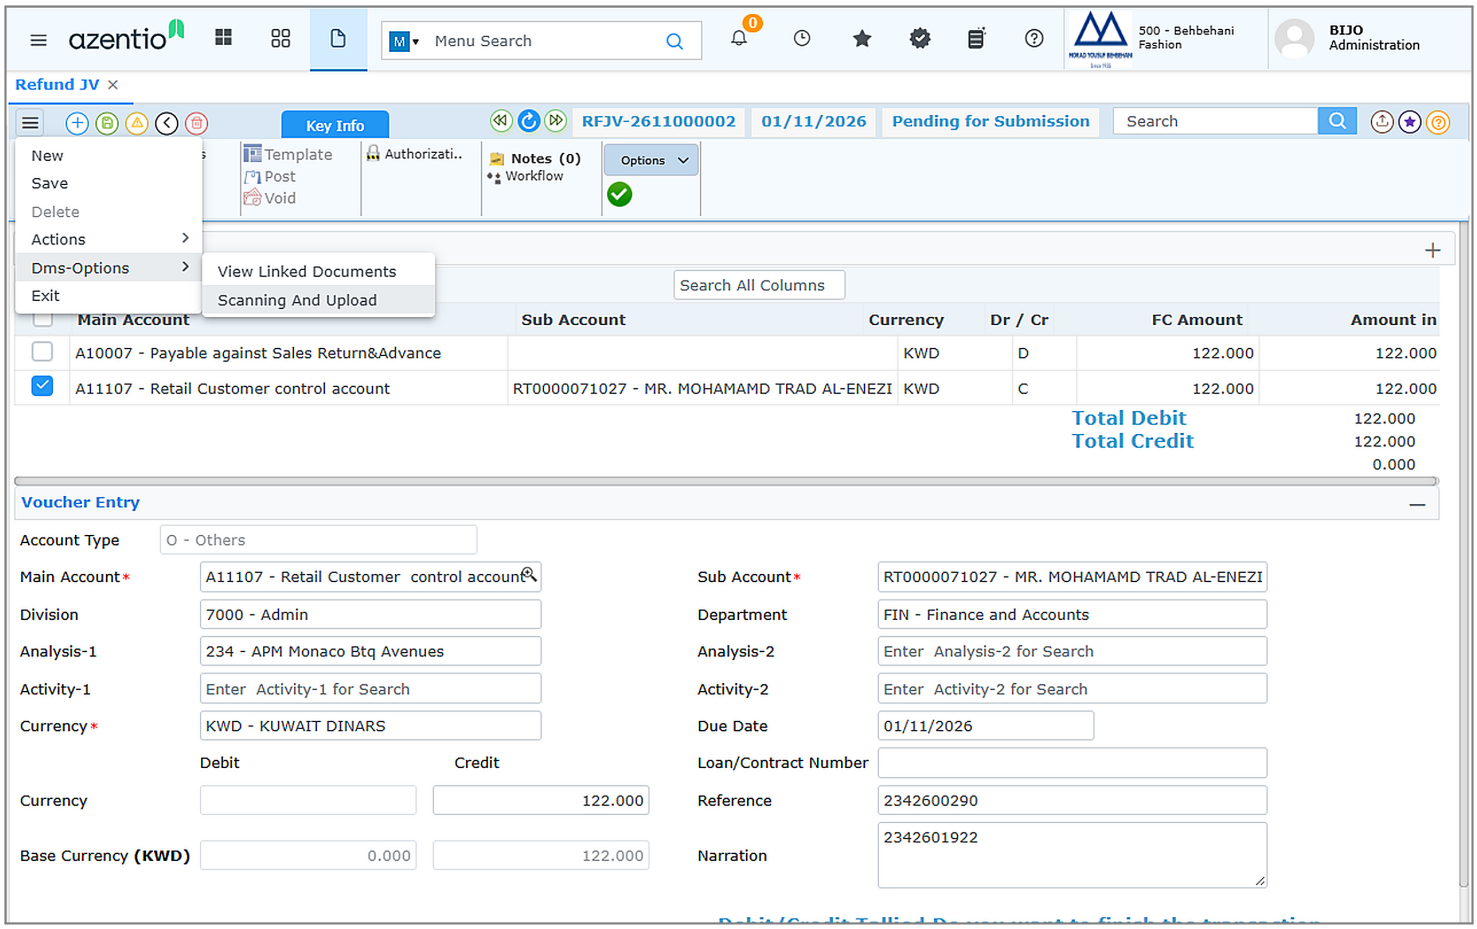

Voucher entry details are shown above.

Check that all the details are correct.

Step 6

Click the menu (three lines), click **DMS-Options**, and select **Scanning And Upload**.

Step 7

Click **Choose** and select the file.

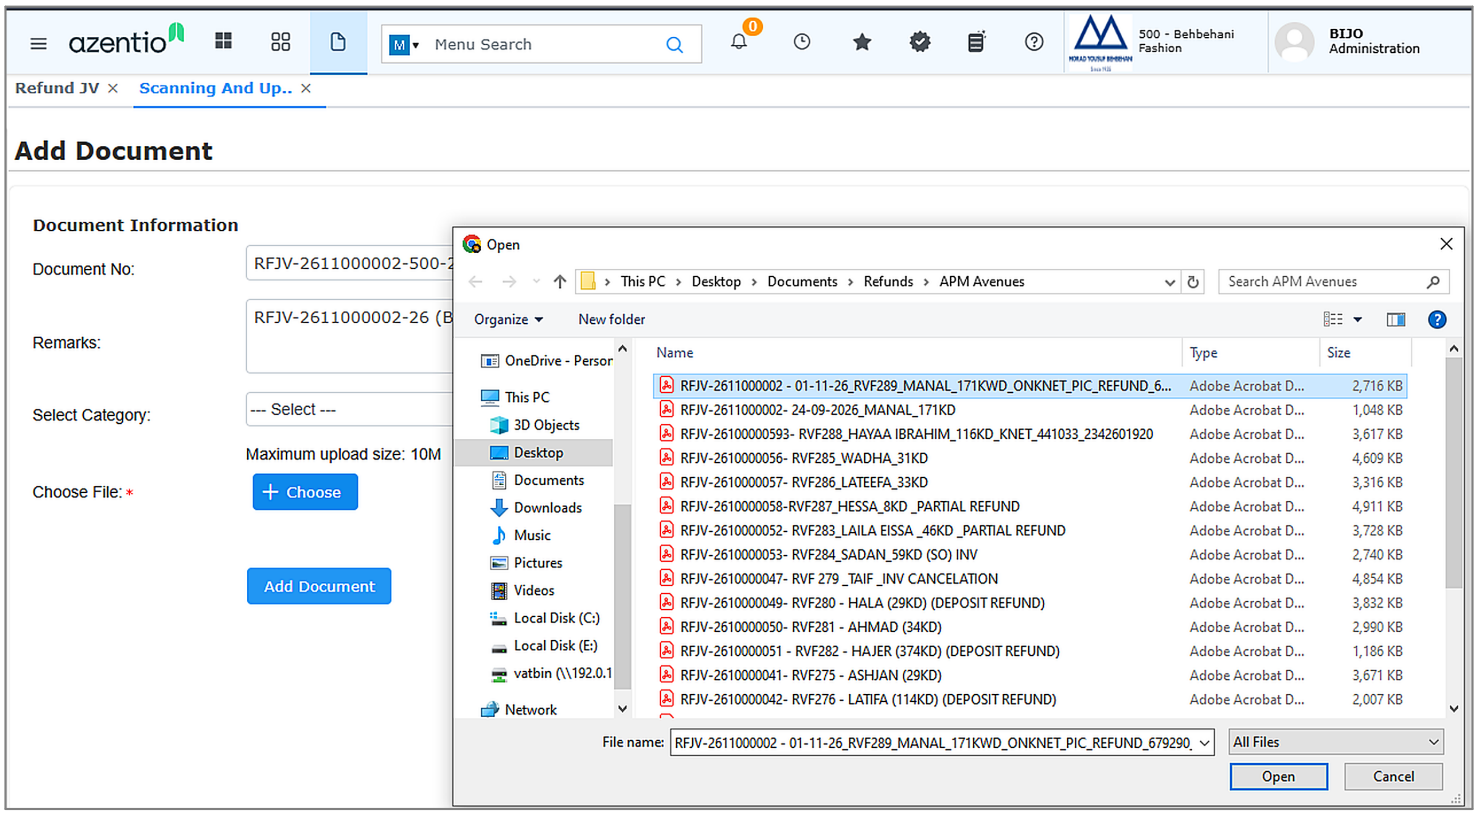

Please note: keep all of the following documents.

Invoice cancellation:

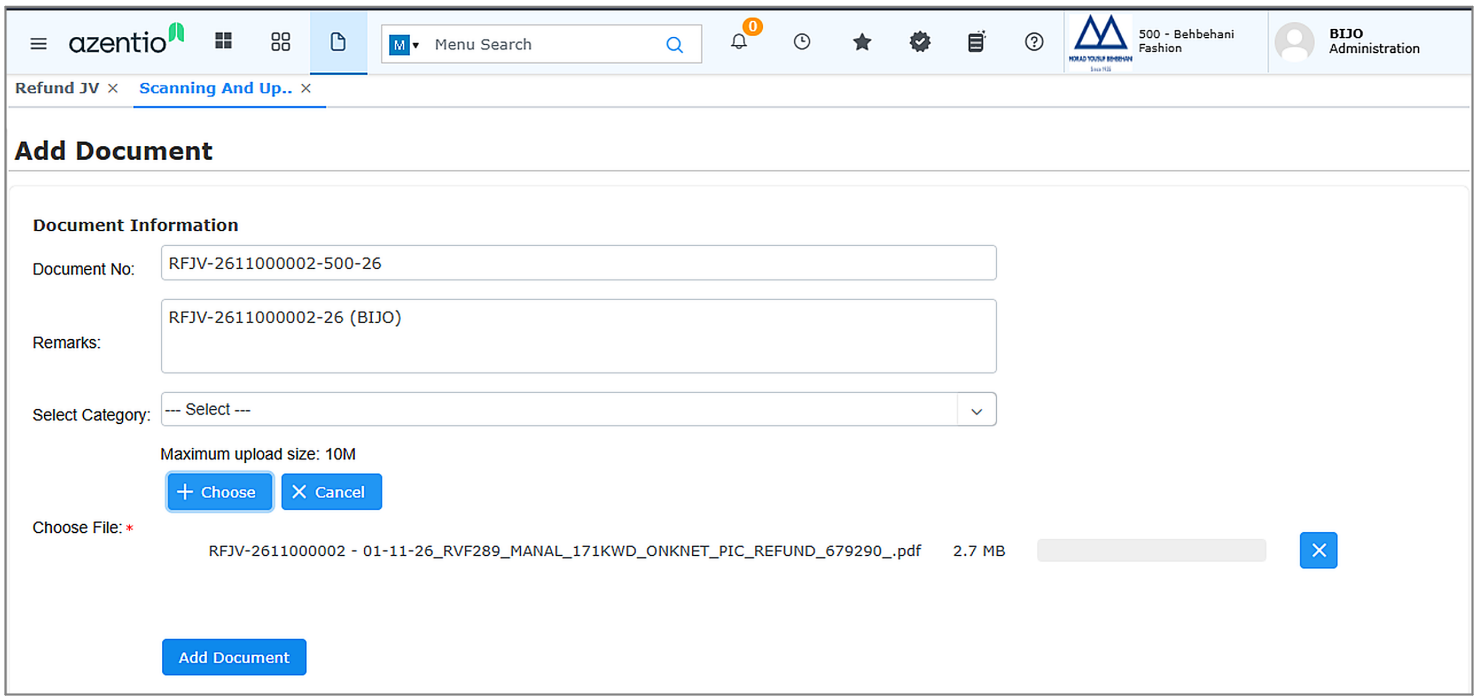

- Memo
- Invoice
- Sales return
- CCN copy
- Refund voucher copy
- Payment details
- Civil ID copy

Customer order cancellation:

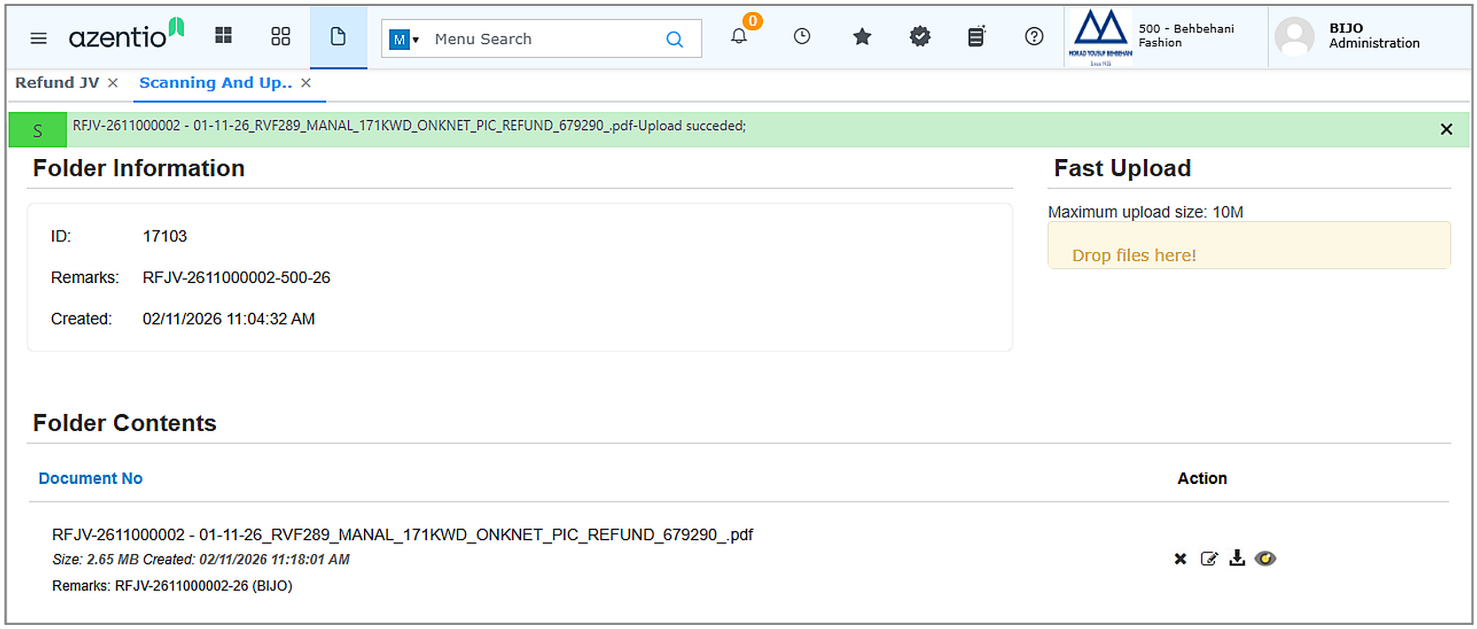

- Memo
- Customer order
- CCN copy
- Refund voucher copy
- Payment details
- Civil ID copy

After choosing the files, click **Add Document**.

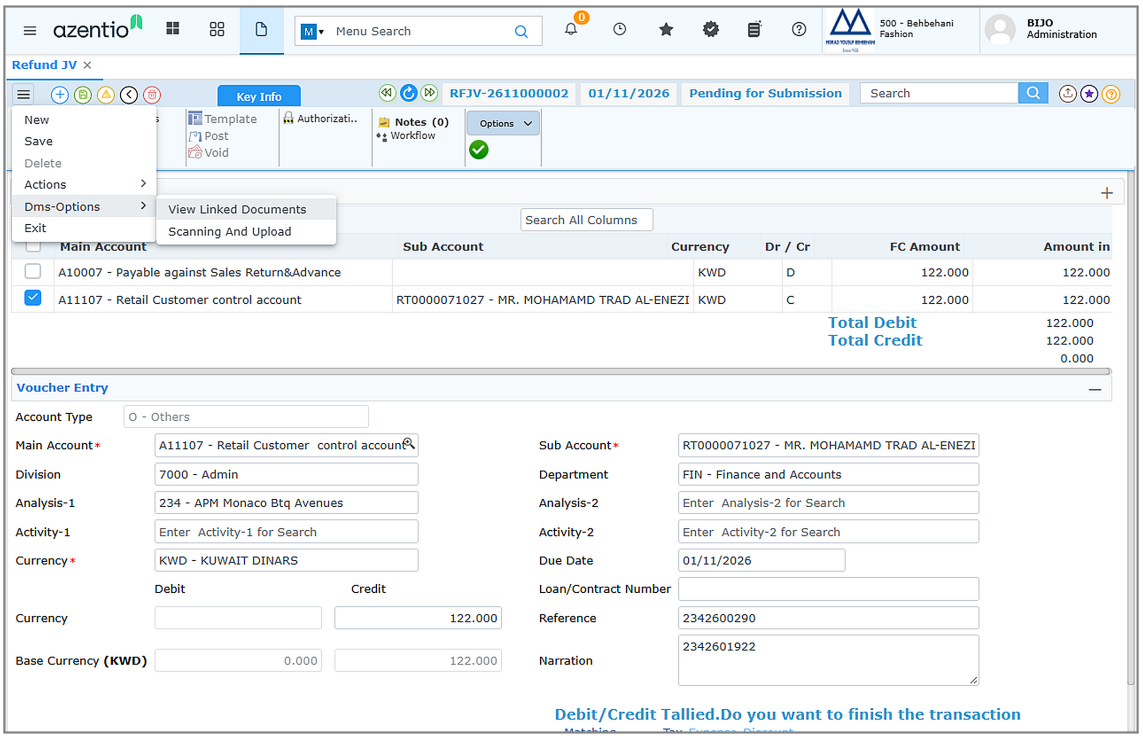

A page will open confirming that the documents are attached.

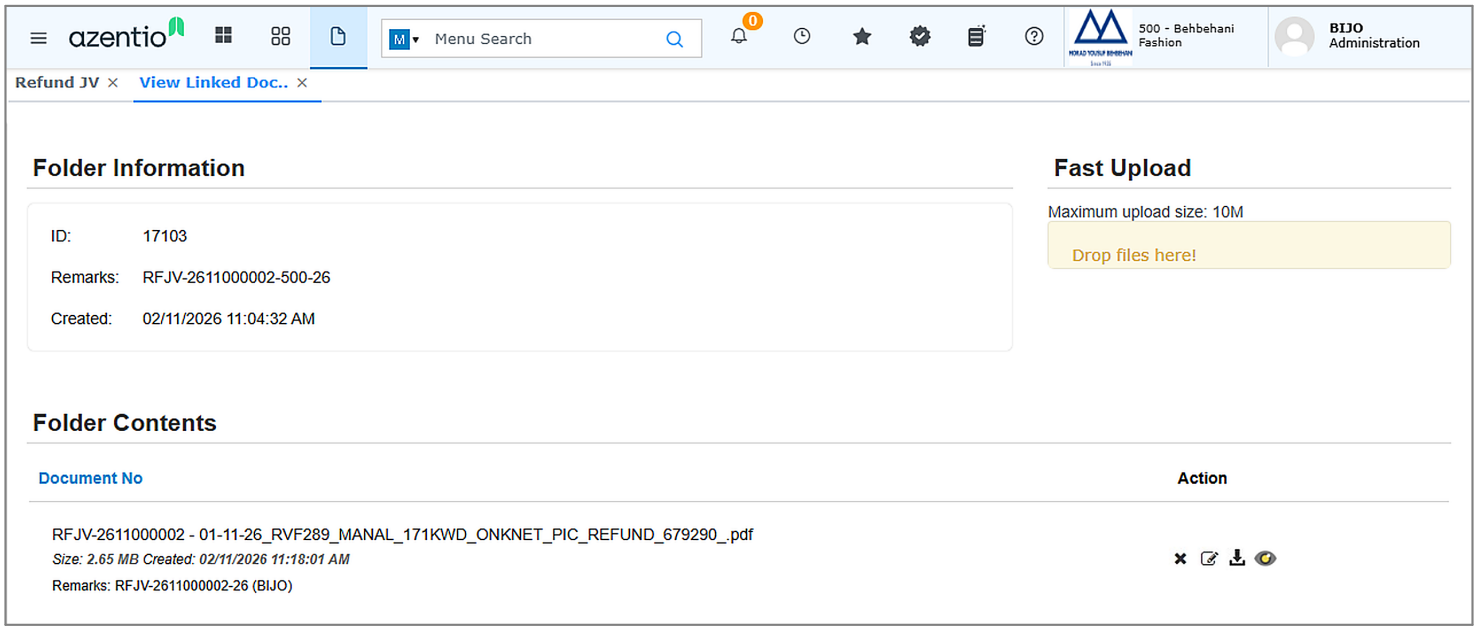

Step 8

Verify once again that the documents are attached. Click the menu (three lines), click **DMS-Options**, and select **View Linked Documents**.

The attached documents are shown under **Folder Contents**.

If the documents are not attached, please attach them properly.

Step 9

Click the **Submit** button (green check mark).

That's it. The refund JV is submitted.
