Introduction

This Employee Handbook summarizes various key policies, procedures, benefits, regulations and expectations of Morad Yousuf Behbehani Group and other information that the employee needs to know. It helps employees to understand what is expected of them and what they can expect from the Company.

This handbook is not intended to be a contract and is used for informational purpose only.

Care has been expressed when developing this handbook so that all provisions and benefits stated here within are made explicitly in lieu of the statutory requirement. In case of any contradiction with the Kuwaiti Labour Law number 6 for 2010 then the latter supersedes. It is the responsibility of the employee to check this law and its amendments.

It is important that you read the contents carefully so that you fully understand how you are affected. You should ask the HR/Personnel Manager or your Line Manager if you are in any doubt about the application of any of the regulations contained in this handbook. You must not hesitate to ask as ignorance of the regulations can be no excuse for breaking them.
